

Dear Students and Parents,

February 21, 2022

It's SCIENCE FAIR TIME!!

This year, the SCIENCE FAIR will be held on **Thursday, April 7th**! Students who participate **MUST** register no later than Wednesday, April 1st.

How does my child sign up?

This year, registration will be done electronically here:

<https://forms.gle/ehbVPPM47ADdbGTS8> Where possible, each child who participates should register using his/her school email account. Students can log in to this account by navigating to mail.wash12.org using the same username as the LEXIA username with @washk12.org added to the end, and the password is also the same as LEXIA).

During the registration process, please pay close attention that there will be two categories this year: Experimental Design (traditional) and Engineering Design. Documents regarding these categories will be available during the electronic registration process.

Please understand that registrations will not be accepted after the Registration cut-off date (April 1st). Your best bet is to sign up as soon as possible!

Thank you for your involvement! If you have questions, please contact

Mrs. Linda Shaffer linda.shaffer@washk12.org

Mrs. Adrienne Bangerter adrienne.bangerter@washk12.org

BES Science Fair Coordinators

REMINDER: If you are doing the Achiever Medallion, you must do the Science Fair if you did not do a Reflections project earlier in the school year.
