LeAnne Martin

- School counselor Ms. Martin reviewed our 2024-25 PBIS Behavior Intervention plan with the committee. She went over how her counselor budget of \$3,000 has been spent this year and we went over ideas of how to spend the remainder of her funds. \$2,000 of these funds are not guaranteed every year. One suggestion was to buy monthly books that go with our school ANCHOR MYSELF values that students would take turns taking home to read with their families.
- Mrs. Moore went over the 2025-26 Trust land budget to get community council members' input on how money could be allocated for the next school year. Each item line was reviewed and discussed for its value to our school.
- Council members signed the council signature form to consent to agree with the plan for allocating Trust land funds for 2025-26.

Parent Concern

- Don't understand why we have Dual Immersion
- Why is so much effort being put into a program that the majority of the school isn't interested in?
- More cons than pros
 - Class sizes
 - Move in factor after third grade
 - Losing great teachers because it's a Dual Immersion school--it's not appealing
 - Equal opportunity for all students
 - Type of students in each class
 - Performance for special occasions
 - Funding discrepancies
 - Separation of Chinese kids and English kids
 - Don't play together, don't associate with others
 - Students don't feel included
- Mrs. Moore explained enrollment is going down, we are currently at 29 students
 - Looking to cap classes at 30
 - DLI teacher will teach English part day
 - Suggested parents email Travis Wilstead--can set up a meeting to discuss concerns
 - Consider sending a survey home to parents--Susan will discuss with district office personnel
 - Susan will reach out to Mary Schroeder with response from the district office
- Parent: student needed challenge, moved from Hildale to come to Bloomington specifically, considered HAL schools as well--chose Chinese intentionally and moved to Bloomington

Reunification Drill Feedback

- Parent Feedback:
 - Ran smoothly
 - Parents didn't know how to approach the ID tables
 - Such a good experience, well put together--process worked well
 - Parent didn't know about it--only received it via text message and didn't identify the school
 - Was included in the Principal Newsletter and via email twice
 - Students were confused about why this drill was happening
 - Valet closed--no point in having greeter
 - Separate Tables for cutting and ID check in
 - Does it have to be a Tuesday/Wednesday afternoon?
- School Takeaways:
 - Binders with 4 lines.
 - Students ready to go before the drill starts
 - Longer sticks on ID chairs so parents can see which line to go to.
 - Diabetic students come to the office
 - Radios for runners to give teachers warning that

Trustlands Funds--

- Discussed funds
 - Paras for WIN time, Take Home Books, Math Interventions, Subs for Data Days

Landscaping--

- Trim palm trees
- Under marquee
- New dirt in the plant beds
